SUMMARY

I am an ambitious graduate of Computer Science and Engineering from BRAC University. To enhance my knowledge and professional abilities, I am currently working for a reputable organization. I specialize in developing tools and applications through clean, efficient coding, optimizing system operations, and automating tasks using appropriate tools and scripting. Additionally, I have a deep interest in Blockchain and Cybersecurity, which motivates me to explore innovative technologies and contribute to secure and scalable software solutions.

PROFESSIONAL EXPERIENCE

Software Quality Assurance Engineer | Appear Tech (May' 2024 - Present)

- Ensure the quality and reliability of software products through testing and defect identification
- Design and execute detailed test cases based on system requirements
- Analyze system requirements to create effective testing strategies
- Collaborate with developers to identify, report, and resolve issues efficiently
- Maintain comprehensive testing documentation for ongoing and future reference
- Implement automated testing solutions to improve efficiency and product performance

Executive(UAT Support Department) | Searchlite Communication Ltd. (Feb' 2024 - Apr' 2024)

- Worked for Grameenphone Ltd. through Searchlite Communication Ltd
- Effectively managed the operations of the MyGP app and Grameenphone.com
- Performed User Acceptance Testing (UAT) and manual testing to ensure platform quality
- Collaborated with various teams to address issues and enhance platform performance
- Focused on ensuring a seamless user experience and optimizing platform reliability

TECHNICAL SKILLS

- **Programming Languages:** Java, PHP, Python, Javascript
- **Web Technologies:** HTML, CSS, Bootstrap
- **Project management methodologies:** Agile methodology
- **Database:** MySQL, MongoDB
- **Manual Testing:** Test case execution, Bug reporting
- **Version Control System:** Git & Github
- **Framework:** Laravel
- **Project management tools:** Jira
- **Concepts:** SDLC, STLC
- **System analysis, design patterns & architectures**

SOFT SKILLS

- Analytical Skills
- Problem Solving
- Cross team Collaboration
- Attention to details
- Proactive

EDUCATION

BRAC University (Jan' 2019 - Jun' 2023)

- **Degree title:** Bachelor of Science in Computer Science and Engineering
- **CGPA:** 3.36 on scale of 4.0
- **Thesis:** Advanced health insurance system using smart contracts of Ethereum Blockchain

ADDITIONAL INFORMATION

- **Languages:** English (IELTS Score : 6.5)
- **Certifications:** Effective Problem-Solving and Decision-Making ([Verify](#))
- **Achievements:** Listed on VC's list once and Dean's list once.
